It is the inestimable privilege
of the
Senior Class
of
Nineteen Hundred Twenty Two
to dedicate this volume
of the Aeolian
to

Our Mothers

THE STAFF

This volume of the Aeolian represents the best efforts of the Class of 1922 in recording the events and happenings of this momentous school year. Early in the session the Senior class laid their initial plans for this publication by electing Paul Cree as the editor-in-chief, and placing in his hands the complete responsibility for selecting the committees necessary to issue a successful annual. The members of the committees, whose names are listed below, have worked untiringly to produce the very best book possible.

Associate Editor:—Harlan Moore.

Alumni:—Lucile Elam, chairman.

Social:—Dorothy Elliott, chairman.
Oscar Fitch, Lloyd Davidson, Fern Menges.

Literary:—Eunice Guthrie, chairman.
Sadie Haynes, Ethel Sherman, Helen Lantz, Jeannette Imler, Francis Caffery.

Calendar:—Amelia Dirr, chairman.
Otis Fitch, Carl Gieser, Kathryn Smith, Everett Peck, Mary Ober.

Joke:—Lois White, chairman.
Mary Yarde, Maynard Hall, Margaret Eckhart.

Athletic:—Randall Witherspoon, chairman.
William Chaney, Marion Hoyles, Dale Harvey, Lewis Briner, Glenn Steward.

Photo:—Kathryn Patterson, chairman.
Valera Lung, James Stack, Maurice Klingler, Jesse Ober, Lucille Elson.

Business:—Cecil Miller, chairman.
John Pierce, Bernard Fouch, Ruth Gehrum, Hazel Dickson, Harold Aldridge, Walter Rosenberry, Merrille Miller, Lillian Heinzerling.

However, as the work on this publication progressed we have realized that several students, some from the other classes in school, have been largely responsible for making this book a success.

It is desired to express our indebtedness to John Rogers '25, Magdaline Loomis '23, and Beverly Brinkerhoff '23, all of whom have assisted materially by their drawings in making the book highly interesting. To Lucille Elson '22, and to Miss Elvis, our art teacher, we wish in particular, to express our appreciation for the assistance and the splendid art work which they have contributed to this volume.

A TRAIN OF THOUGHT

In September, 1918, eighty-five boys and girls boarded the Freshman Milkshake. Dale Harvey was the engineer, Everett Franks the fireman, Oscar Fitch the conductor, and Kate Patterson made a very efficient brakeman. Mr. Pellett, the chief dispatcher, gave us our orders thru the operator, Don VanFleet, and we were off. But not for long—one Monday morning after we had been unmercifully tumbled out of our berths, the operator announced that our train would have to stop because the "Flu" was raging ahead of us. We all got off and 'twas a month before the whistle blew and called us back.

We finally picked up our steam again, and were going on fine (being only twice sidetracked by the bluffing begoted Sophomore Special). One morning we looked and, behold, the mountains of examination loomed ahead. They were enveloped in very black looking clouds which Mr. VanFleet informed us were called "Flunks." With many jolts and bumps we got across those terrible mountains. Some of our passengers got off and never got strength enough to return.

After we crossed the Second Semester River we came to some docks and a ship was about to set sail for the "Sea of Matrimony." Several of our passengers bid us good-by and embarked.

We crossed some more mountains and slowly pulled into Vacationville.

Sophomore Special—With two blasts of the whistle this, our second trip on the Train of Thought began. We had an almost new crew, and new officials as well. Marion Hoyles was the new engineer, Margaret Eckhart the fireman, Little "Shrimp" Lantz collected our fares and Kate still wrote up our reports. Mr. Garber was the new operator and George Carroll the chief Dispatcher.

How proud we felt to have that measely little Freshman Milkshake sidetrack for us. Some of us had smuggled ponys aboard, but we couldn't keep them quiet. The officials searched until they thought they found them all. Then the ponys left us—all but one. This belonged to

Corney Geiser and he had it trained so well that he kept it with him all through the trip.

To enliven our trip we gave a play entitled "The Missing Miss Miller." It was a success and the Pullman was crowded the two nights it was given.

Some how or other we kept our heads small enough to get through that trip.

Junior Flyer! Doesn't that sound big? Well, we felt big. Huh! There was only one train that dared go ahead of us now. Dale Harvey was our engineer again, (Practice makes perfect, you know), Bernard Fouch, the fireman; Ruth Gehrum had relieved Kate, and Hazel Dickson collected the fares. Our fares had doubled and there was some difficulty in collecting them. Mr. Willennar was the new operator.

We published semi-monthly reports of the trips of all the four trains. These reports were called the "Maroon and Blue." Maurice Klingler was the editor.

After we passed Exam mountains (We didn't mind them so much now), we hooked on a carnival car. This added load caused the crew some trouble, but with Randall's and Marion's best efforts, they finally got it under control. It proved to be a great benefit to our trip.

After the carnival car had passed into oblivian as far as we were concerned, we hooked on a dining car. The dignified passengers and crew of the Senior Limited, also our officials condescended to board our train and partake of our humble fare.

When we pulled into Vacationville we very reluctantly left the Junior Flyer and were very eager to board the Senior Limited.

On board the Senior Limited:

We are supposed to feel dignified, but we don't. Here we are on our last run and oh, how we'd like to take another trip on the Train of Thought. Harold Aldridge is our engineer; Lucille Elson, the fireman; Lillian Heinzerling, the brakeman; and Glenn Steward, conductor.

We have given another play. This time entitled "Lost—A Letter." This was even more of a success than "The Missing Miss Miller." The Train of Thought has acquired a new Pullman this year. It is known to us as "The Gym." This has been badly needed for some time but the officials just couldn't see the way to get it until now. Anyway, we're glad to have it. Instead of those semi-monthly reports, published on the Junior Flyer, we give to the world the "Aeolian." This exquisite piece of work.

We are all looking forward to May 18 when we shall pull into commencement with a grinding of brakes; and the chief dispatcher, Mr. Carroll, will hand us our "Tickets to Success."

Here's to the class of '22.

—EUNICE GUTHRIE.

FAMOUS CIRCUS TO BE IN ALTOONA

Word has been received that the world famous Looney & Brother Circus will be in Altoona, July 4. It may be of interest to Garrett people to know that three of our former townsmen travel with this famous show. They are Merrille Miller, head clown, Amelia Dirr, famous bareback rider, and James Stack, hypnotist and snake charmer. It is reported that Miss Dirr and Mr. Miller are to be married in September.

EVANGELIST PECK TO BE HERE

The Rev. Everett Peck has been secured for two weeks commencing Aug. 8. Rev. Mr. Peck was formerly of Garrett and is a graduate of Garrett High School.
He will be assisted by his singer, Lois White, who is also well known here.

BATCHELORS HOLDS RECENT ELECTION

The Garrett B. C. held a meeting Tuesday night. The following were elected for the ensuing year:

Pres.—William Chaney.
Vice Pres. — Maynard Hall.
Secy.—Carl Geiser.
Treas.—Dr. Harold Aldridge.

Superintendent Ethel Sherman announces that there will be 106 graduates from Garrett Public School in June. The program will be announced later.

LOCALS

Mr. and Mrs. Paul Cree entertained the Twentieth Century Club on Wednesday.

Randall Witherspoon, floor walker in Gingery's Department store, had his tonsils removed Friday.

The quarantine was lifted from the home of Walter Rosenberry on Tuesday. Mary Yarde, who was the trained nurse in attendance, will now return to her home in Chicago.

Miss Kathryn Smith will speak at the city hall tomorrow afternoon on the famous subject, "Moonshine." Everyone is invited to be present.

NEW BILL PASSED IN STATE SENATE

Indianapolis. — Senator Louis Briner has at last succeeded in having "The Chewing Gum Act" passed, which provides that high school students be allowed to chew gum in school, especially in History classes, for it seems to be a great aid in the digestion of that subject. He has been diligently working on this bill for the last three years, and it is with great pleasure that the students of Indiana schools learn of his final success.

DIVORCE PROCEEDINGS

Mrs. Hazel Harvey recently filed suit for a divorce from her husband, Dale Harvey. Mrs. Harvey charges too much loving, and wishes to get back her maiden name, Hazel Dickson.

ACCIDENT ON INTERURBAN

Motorman is Slightly Injured

May 1.—The 7:08 southbound car was derailed last evening. The motorman, Otis Fitch, was found unconscious and taken to Dr. Aldridge's offices. His injuries were reported to be slight.

RETURN FROM EUROPE

Mr. and Mrs. Bernard Fouch and their three charming little daughters have just returned from Europe. Mrs. Fouch was formerly Miss Jeanette Imler.

Manager Steward of the Royal Theatre announces that he has been able to secure the Seigfield Follies. This will interest Garrettites, for the Misses Margaret Eckhart and Fern Menges are members of this company.

Lloyd Davidson, a farmer living north of town, has succeeded in making a perpetual motion machine. This has long been wished for. A brilliant future is assured for Mr. Davidson.

MAROON AND GOLD

Here's to the good old G. H. S.,
The place where we've had such fun;
Here's to the faculty so true,
Through whom we now have won;
Here's to our fellow-students
Whose duty should ever be
To be loyal to the colors fair,—
Our own Maroon and Gold.

CHORUS

So—
Fight for the M'roon and Gold, girls,
Keep them ever high!
Fight for the M'roon and Gold, boys,
Never let them die!
Fight for them all together,
The colors so fine and true.
Hold them, honor them, love them,
Here's from the Class of '22.

JUNIORDOM

THE JUNIOR CLASS HISTORY

In September of 1919 fifty-one Freshmen celebrated Labor Day by starting to high school. We were an enthusiastic group and throughout the year we were able to convince both the faculty and the other classes that we were good material for the G. H. S.

We began work the following September forty members strong, and that year passed as quickly and as successfully as had the preceding one.

As Juniors, we have tried to do our share as upper-classmen, and have gone out for all school, as well as all class activities. In athletics our class has been very successful, while our Junior editor and his staff have been just as fortunate in their publishing of the "Maroon and Blue."

Late in April we gave a benefit show, "A Trip to Paradise" at the Pastime Theatre, which supplied us with funds with which to give the Junior-Senior banquet on May the third.

Due to the untiring efforts of our president and other class officers, our Junior year has been a happy, as well as a successful one. We are looking forward with pleasure to our Senior year.

SOPHOMORES

SOPHOMORE CLASS HISTORY

September 6, 1920 sixty-five young people came to the school building to begin their career as "Freshies" in dear old G. H. S. The first few days of our high school life seemed to be a confused jumble of finding class-rooms and changing schedules. We soon had them straightened out, however, and through the kindness of our superintendent the "Sophs" were deprived of their most favorite pastime, namely, scabbing on barbers.

Many of our fellow students showed their marked ability in art, glee club, debating and all forms of athletics. We did our honest share in helping with the Christmas bazaar and kept up the social life of our high school very well.

Our officers: Frank Smith, president; Virgil Swalley, vice-president; Helen White, secretary, and Lucile Van Aman, treasurer, were elected on February 2. Miss Thrush acted as our class advisor, and we chose as our motto, "We were born for success," and Green and Gold as our colors.

As Sophomores we came back to school with much more confidence and ability. We elected Dale Gephart, president; Claude Hoover,vice-president; Lucile Van Aman, secretary, and Theo Lane, treasurer. Miss Adams was chosen as our class advisor.

This year our class took great part in all school activities. Several of our members have been on the Basket Ball teams and have splendidly represented their class. We have all taken a very active part in athletics, and several teams have been chosen from our class.

The social part of our school life has been kept very well. We have had several parties, and all through the year a splendid co-operative spirit has been prevalent.

And so, after two joyous years in high school, we are still looking forward to the two more years of loyalty and service to dear old G. H. S. —GOLDIE NICHOLSON.

A-FRESHMAN.

FRESHMAN CLASS HISTORY

The calling of the school gong, September 6, 1921, was responded to by seventy-six green looking earth beings who wandered aimlessly about the long corridors of the Garrett high school, waiting to be enrolled as Freshmen.

Everything was strange and different and I surmise we furnished much amusement for our upper classmen, since it seems to be their delight to laugh at the blunders of those "green little Freshies."

Our first real event of any importance was the Sophomore-Freshmen party, which was given on the evening of October twenty-sixth.

Although we began our career without many aims or ambitions as a group, yet we have representatives in many of the various phases of athletics, music and literary work. We were unusually well represented in athletics, having five players on the first teams. We also held a prominent place in literary and musical contests and we think ourselves fortunate in having so many members with such talent and ability.

Not being allowed to organize, therefore we have no class motto but we hope to make it "Success," and to carry it through our school years, which we are looking forward to with many anticipations, and hopes.

THE NEW HIGH SCHOOL BUILDING

All the patrons and friends of the high school, as well as the students themselves, are greatly interested in the new high school building which will soon be well under way on East Houston street. The building will front to the north, and will be a one-story brick structure, measuring 200 feet by 130 feet.

The building will include an assembly room which will accommodate three hundred pupils; also special rooms for Home Economics, Agriculture, Manual Training, Commercial, and Science.

South of the building will be located play grounds with base ball and foot ball fields, a track, and two tennis courts. It is expected that the high school will be housed in this new structure by the first of January of next year.

ATHLETICS

THE ATHLETIC ASSOCIATION

In 1918 the present high school Athletic Association was created by adopting a constitution which was to govern all the athletic activities of the school.

Article VI of this constitution provided that persons receiving membership in the organization must promise to uphold the constitution and to do all in his or her power to aid in advancing all athletic sports.

The membership in the association was open to any students in the high school; however, any pupil who might participate in foul play of any sort would instantly lose membership in the association and would not be allowed to take part in that sport during the remainder of the season. Likewise, every member of the association must have passing grades in at least three subjects.

As a result of the rules laid down by this association our athletics have been placed on a very high plane.

During the present school year our principal accomplishment was the building of a new gym. We feel largely responsible for creating the sentiment which resulted in that building.

This has been a difficult year in which to finance athletic contests. There may be some indebtedness remaining at the close of the school year, but with the improvement in economic conditions next year, the association officers should be able to make a splendid financial record.

Not all of the students in the high school are members of the association, but certainly next year when all pupils have understood that many of their advantages are due to the efforts of the A. A., they will be anxious to be enlisted in this organization.

—MARJORIE HOYLES.

COACH McCLURE

More important results have been worked for and obtained this year in athletics than the mere honor of winning.

Our purpose was to develop a sense of fair play and to establish a type of honor among our students which would characterize all our teams.

It has been natural in perfecting the teams to represent the high school, that many people have overlooked the biggest work which we have done. Physical training has been the real excuse for promoting inter-scholastic contests.

We agree with most educators that a child requires mental, moral and physical development. It is believed that this year by our course in physical training these three phases of a child's nature have all been properly emphasized.

However, in the future, I am certain that the Garrett high school athletic teams will be much stronger. Naturally we shall be exceedingly proud of their percentage column.

—J. H. McCLURE.

JAMES STACK

FOOTBALL

Football in the high school during the season of 1921 was successful when viewed from the standpoint of the future of this sport in Garrett, rather than judged by the number of games won.

At the beginning of the season our problem was one of training new men and creating an experienced organization for the seasons which were to follow. The schedule was very difficult, but the record made by our boys is an indication that the team of 1922 will prove to be a real contender for state honors.

The scores of the games played were as follows:

Marion .....28—Garrett... 0—There
Edon ..... 0—Garrett...21—Here
Edon ..... 6—Garrett...13—There
Bluffton .....14—Garrett...13—There
C. C. H. S. ..21—Garrett... 0—Here

Third Row:—Norval Withrow, Oscar Longbrake, Arnold Burtch, Howard Schulthess, Darel Hartle, Kenneth Shultz, Virgil Swalley.

FUTURE OF FOOTBALL

Due to the disappointments experienced during the 1921 season there were many rumors to the effect that football had ceased to be a desirable game for high school students. Such an impression may seem natural when one reckons only with games won or lost and with the injuries sustained by some of our fellow students. However, it must be remembered that prior to this season the Garrett High School was represented by teams which scarcely knew defeat. No players during a period of four years had been seriously injured, while many boys had learned aggressiveness, quick thinking, and had developed physical endurance on the football field.

We have a splendid schedule for the teams next fall, and it is the hope of the men who played in 1921 that the high school may carry on this branch of athletics until it is able to develop once again a championship team.

—JAMES STACK '22.

KATE PATTERSON

THE GIRLS' RECORD

The high school has long prided itself on the splendid girls' football teams which we have had in the past four years. This season was a repetition of the success achieved in former years. Only four games out of twenty were lost. Consequently the girls' basketball team has been accorded the honor as the best athletic organization which we have had in any line of sports during the season of 1921-1922.

Only two girls of this year's team will be lost by graduation. With Julia Johnston, Beverly Brinkerhoff, Helen MacDonald, Carol Addington, Margaret Ellen Hersh, Magdaline Loomis, and Velma Briner, the girls' team will continue to be one of the best ever in this part of the state.

WINNING TEAMS

Very early in the season we discovered that the people of Garrett were equally as much interested in our preliminary game as they were in the boys' contest. Consequently we determined to do our best to represent the high school. Added to the spirit which we early developed we were able to take advantage of the splendid training which was given us by Coach McClure.

Our preliminary practice games were played at the Auburn Y. M. C. A. We met the representative quintets in Northern Indiana during the season and were defeated by Kendallville, Auburn, and LaGrange. Luck broke against us on these occasions and we were forced to content ourselves with the results, which indicated that the games had been closely contested but had been won by our opponents.

The schedule in preparation for next season will be equally as difficult as that of this year, but we are expecting that Kendallville, LaGrange and Auburn will find their match in next year's organization.

—KATHRYN PATTERSON.

BASKETBALL HISTORY

The basketball year in Garrett was a unique one in many respects. In the first place all the games were staged in the gymnasium, which was completed only a few days before the opening of the season. Again the high school teams were in charge of an experienced coach who was able to teach the rudiments of the game to practically all the high school boys and girls who had any aptitude for athletics. Much real material was discovered.

At the beginning of the season it was impossible to select a first team. However, as the year progressed the following became the first team players:

Tom and Arnold Burtch, forwards; James Stack, center; Louis Briner and Kenneth Shultz, guards; Darel Hartle and Mervin Dickson, forwards; Arthur Beeber, guard.

BOYS' BASKETBALL SQUAD

THE BEGINNING

At last basketball has been established in the Garrett high school. Prior to this season our teams had been forced to satisfy themselves with quarters that were inadequate for real basketball work. It was due to the pressing need for a better place in which to carry on basketball activities that the temporary gymnasium was erected in the late fall of 1921.

This gymnasium did not improve the landscape in this section of Garrett but it presented opportunities never before offered to high school pupils. In this building every boy was given a chance to try out for the various teams. As a consequence, the first team, practically inexperienced at the beginning of the year, was developed into an organization which should win the majority of games next year. Only two players will be lost by graduation.

During this year the Garrett boys learned to take defeat and at the same time fight until the last minute of the game. From the experience of this year and the wealth of material which exists, a beginning surely has been made for a winning five in 1922.

—LOUIS BRINER.

CLASS BASKETBALL

BOYS

For the first time in the history of athletics in the high school, class basketball was organized. The games played proved highly interesting, and towards the latter part of the season the class contests aroused nearly as much interest as the regular games.

In organizing the league each class was represented by two teams, with the exception of the Freshman class, where three quintets had been formed. By agreement the eighth grade was admitted to the league with three teams. The eight C five achieved the distinction of playing in the finals.

The league championship was won by the nine A team. This aggregation had defeated every other class team excepting the twelve B's and eight C's. In the finals this quintet proved itself practically the equal of our first team.

One week following the last game Coach McClure presented bronze watch fobs to the members of the winning team. Those who received this distinction were as follows: Arthur Beeber, Glenn Miller, Wayne Armstrong, Ralph Elam, Wilford Clady, Dallas Krieger, Jesse Coffing, and Russell McPheters.

At the conclusion of the league games the class championship contests were held. The Junior team experienced no difficulty in winning the honors.

GIRLS

Immediately following the conclusion of the boys' tourney, the girls in the different classes were organized into teams in very much the same way as the boys had been. Students who were members of the regular teams were not permitted to play with the class groups. Consequently all of the teams were evenly matched and all the games were closely contested.

The Freshman girls won the championship by defeating the teams from the other three classes.

The great value in class basketball was the opportunity which it gave to every girl and boy in high school to learn the rudiments of this popular high school sport. With this sort of training, next year our first teams will soon rival the best in the state.

—RANDALL WITHERSPOON.

BASEBALL TEAM

1922 SEASON

This year's baseball team has succeeded in maintaining the reputation which our school has enjoyed in this branch of athletics. During the latter part of April we defeated Angola 11 to 12, and the following week we won from Auburn by a 17 to 6 score. Our only defeat was experienced at Bluffton, where our opponents won 4 to 0. The loss of this game was primarily due to errors.

Four games yet remain to be played. We will meet Angola, Bluffton, and Auburn at home, and Fort Wayne high school at the Central League Park.

Maggart and Smith have done very effective work as a battery for our nine. They, together with the majority of members of the team, are Sophomores, and evidence that the 1923 team will even be more successful than this year's.

—JESSE OBER.

TRACK

Coach McClure revived interest in track work and the high school was represented in several meets for the first since 1919.

We have been considerably handicapped because of the lack of equipment for the hurdles and pole-vaulting. However, in the dashes and distances we have done exceedingly well in all the meets in which we participated.

Louis Briner has established a new record in putting the shot thirty-six feet. Stack and Maggert have done the hundred yards in eleven seconds flat. In the running broad jump, Smith, Fitch and Harvey are able to clear the bar at five feet. Dickson has won several firsts in the mile. His record is less than five minutes.

VOLLEYBALL

After the close of the basket ball season all the boys who did not enter into the track and baseball work were organized in the volley ball team. Teams were also formed among the girls. While this game is new to Garrett, it has proved to be equally as interesting as basket-ball.

DEBATING CLUB

The High School Debating Club was organized at the beginning of the school year under the supervision of Mr. Young.

The Debating Club has taken its place among the other school subjects and activities. The giving of orators' famous speeches have taken a prominent place in the accomplishments of this year in Public Speaking.

The local discussion contest on "The Immigration Problem" was held on February eighth. Six debators presented their views. Wilma Haverstick was chosen to represent our school in the county meet.

On March seventeenth the county contest was held at Garrett. Butler won first, Garrett second and Auburn third place in this discussion.

Everyone has shown unusual enthusiasm in this work and has put forth every effort to make it successful. The school feels that if this work continues as it has in the past year we will give to the world some real "public speakers."

GLEE CLUB

The Glee Club of the Garrett High School, which is representative of all four classes, has had a most successful year. A new and needed feature was added about the middle of the school year, which caused the class to have a deeper interest. This new feature was a Victrola. It was to be bought by the High School, but the Seniors finally decided to present it as a memorial, as it will be very useful in after years.

Miss Elvis, the faithful instructor, worked strenuously all year with her class, her eager intentions being to make this group well worth the time she spent with them.

HIGH SCHOOL ORCHESTRA

Fourteen members of the orchestra reported for practice when school opened. The orchestra, which is one of the oldest organizations in the High School, furnished music on several occasions, in the school and outside entertainments. We wish to thank Miss Elvis for her kind and helpful work, for it was only through her consistent efforts that we were able to attain success throughout the year.

AGRICULTURE CLASS

A very successful year has just come to a close for the Aggies. Many activities were entered into, among which was basketball.

This year the silver cup, which was given for the best corn in the county, was won for the second time by the vocational class. We were also very successful in the corn judging contest and succeeded in placing the highest man in the county, Perry Houser, who had a grade of 94.94. His expenses will be paid to Purdue, with two other men from the county. Four other boys are going to Purdue at the same time.

The class is also taking care of an orchard.

The class wishes to thank the State Bank, Mr. Carl Heinzerling, Mr. Howard Mountz, and Mr. E. E. Clark for the money they have contributed to the better corn work.

SODALITAS LATINA

Under the supervision of Miss Bertha Adams one of the most active and prominent organizations of the Garrett High School has flourished since September 30, 1920. At this date it was proclaimed that there was to be a Latin Club consisting of the members of the Caesar and Cicero classes. During this first year the club grew intellectually.

At the first meeting of the present 1921-22 school year it was announced that not only the Virgil and new members of the Caesar classes but also the former Latin students might participate in the monthly meetings. This year has shown an advancement financially and socially as well as intellectually, and the Latin Club shall continue to progress, as it has formerly, under the motto: "Quesquid agas, ageve pro viribus."

The present 1921-22 officers were chosen as follows:

President—Dorothy Elliott.
Vice-President—Thelma Clark.
Secretary—Carol Addington.
Treasurer—Beverly Brinkerhoff.

THELMA CLARK '23.

SENIOR CLASS PLAY

The Senior class play was another triumph for the old G. H. S. "Lost a Letter," a three-act comedy was successfully given before three enthusiastic audiences. Many of the seniors proved themselves to be real actors and actresses, and the answer to the inevitable question, "What is my calling?" is without a doubt found.

The garden scene in its beautiful festive attire created an appropriate and fitting atmosphere for the many sprightly episodes, as well as for the more tragic and heart-rending spasms of youth. Each and every member of the cast lent himself splendidly to his role and carried off the situations as though they were real.

The play surely deserves a high place in the history of the Seniors' high school career. The play was finished in a grand finale which was supplied in the form of the class song, "Maroon and Gold." This song was composed by Dorothy Elliott, and was sprung on the rest of the high school as a surprise.

Oh, you Seniors! Keep up the noble work. You put a grand climax near the finish of an eventful four years' career.

The orchestra was also willing to help the Seniors, and they played for them at all three performances.

The enthusiastic coaching of Miss Nina Davis deserves much credit. She kept with them through it all, and we know how trying it is to coach a gang of G. H. S. Seniors. Thanks to Miss Davis, our beloved teacher, for their grand success.

SOCIAL AFFAIRS

SENIORS

Nov. 2

Our first Senior party! Was it a success? Well, rather! What hay-rack, hard times affair wouldn't be, especially when held at Jesse Ober's?

Dec. 8

We were very enjoyably entertained at the home of John Pierce on this night. Music, games, and dancing filled the evening.

Dec. 23

The spirit of Christmas pervaded the Senior rooms the last two periods on Friday, December 23. An impromptu program was put on by various members of the class which acted as a fitting opening for the holidays.

Jan. 17

Imagine having a scrumptuous feed in a chemistry laboratory! That is just what the chemistry classes did, though, and following said "feed" toasts were given by all the members present.

Jan. 21

"Whoa there, Dobbin!"
Are we actually here?"

Of course, we are talking about the Senior bob-sled ride to K-ville!

Feb. 14

! Hearts, Hearts, Hearts !

Sounds thrilling,, doesn't it? Oscar Fitch furnished us with a thrilling and interesting evening, too, for our Senior Valentine party.

April 7

"I want my mamma!"
"Teacher, he hit me!"

Such phrases, together with kiddish costumes, brought back to the dignified Seniors memories of their "kid" days.

April 21

Randall Witherspoon entertained the Senior class at his home on April 21. The house was beautifully decorated in the class colors, and the time was spent in games and dancing.

May 4

Another chemistry party! This time, however, it was in the form of a weiner roast. The weiners were roasted over a beautiful blazing fire, —in the gym furnaces. Volley ball, basket-ball and indoor-baseball were indulged in by the boys after the "supper," while the girls discussed society.

JUNIORS

"Runt's" Party

Ever been to a Junior party? You've surely missed something if you haven't! Pep? Well, yes!

The first thing we did this year was to surprise "Runt" Longbrake on his seventeenth birthday. We simply overwhelmed him. Peppy games were played, and the eve was a "snappy starter" for our Junior festivities.

Dec. 27

The kiddish Juniors of G. H. S. celebrated Christmas vacation by holding a party in the new gym Santa gave us. Perhaps there wasn't enough heat, but coats aren't so terrible as might be imagined. Also, as warmers, hot chocolate and other delicacies are splendid.

Jan. 22

It was a biting night, but were the Juniors cold? Certainly not! We had a whole strawstack, besides heaps of covers, to keep out the weather. Besides, what right would a person have to be cold on a bob-sled party!

Feb. 10

On Friday evening, the Junior Class held its second party in the gym. The evening was spent in playing games, telling fortunes, and playing the Victrola.

March 10

The Juniors not full of pep? Whoever said so doesn't know us! We had another lively time in the good old gym, March 10, and,—yes, we had a good time!

SOPHOMORE - FRESHMAN

Oct. 28

The Sophomores entertained the Freshmen at a Hallowe'en party in the school on October 28. Features of the evening were the music and readings, fortune-telling and mystery den, and the "eats."

Lots of girls,
Lots of boys,
Lots of fun,
Lots of noise.

April 5

Remember the Freshman roller-skating party, April 5? 'M boy!

A. A. PARTY

Feb. 4

The long hoped for party of the Athletic Association was held February 4, following the Columbia City game. As soon as the basket-ball crowd had sufficiently "thinned out," games were started, with Miss Davis directing. "Jacob and Ruth" and "Three Deep" were the first two games in which the members indulged. Following these, three-legged races, peanut rolling, and various other contests ensued. Sandwiches and pickles were served, and after a game of "Ring-a-round-the-Rosie" the party dispursed.

ALUMNI

For many years an Alumni Association of the Garrett High School was a forgotten and unheard of organization until the graduating class of 1921. This class endeavored to reorganize the Association and succeeded in bringing together, on May 25, 1921, one hundred and ten former graduates.

At this meeting a constitution was adopted and officers chosen as follows:

President—Clark Springer '12.
Vice-President—Mrs. Ina Olinger '97.
Secretary—Velma Fulk '21.

An executive committee composed of Charles Baker '20, Mrs. O. E. Treesh '96, Arthur Groscup '18, Mrs. D. E. VanFleet '12, and Harry Hill '07, was also elected to aid in carrying on the work of the Association. Following the business meeting several humorous and interesting talks were given, especially those by J. H. Lantz '88, Mrs. J. A. Engstrom '99 and our own "Uncle Billy" Franks.

Due to the fact that so many of our graduates attending college cannot attend a banquet at commencement time, the officers decided to have the annual alumni meeting during the holiday season. At this time it will be with pleasure that the Alumni will welcome the members of the Class of 1922 to its ranks.

During the past three years one hundred and twenty-six students have graduated from the high school. They were divided into classes as follows:

Class of 1919—Forty-six graduates.

Class of 1920—Forty-two graduates.

Class of 1921—Thirty-eight graduates.

With the commencement exercises of this year forty-four additional names will be placed on the Alumni roll. Then the Garrett high school during its existence will have graduated four hundred and seventy-two individuals.

When I was at a party once,
I had been invited by the Senior bunch.
L et me whisper in your ear,
L o, my partner was a perfect dear.
I n fact so tall and stately is Bill,
A ny other, his place will ne're fill;
M y heart e're called him, My Valentine.

C hance played me false, I wasn't in time
H is tender fancies to teachers turn,
A nd yet his affections I cannot win.
N 'ere has he faltered or from her does turn,
E verytime toward her does grin,
Y ou hear him sigh and say—"Goodbye."

Miss Thrush—I usually consider 150 pages a good theme. O, my!

"Well, that's enough to try the patience of Job!" exclaimed the country minister, as he threw aside the local paper.

"Why, what's the trouble,dear?" asked his wife.

"Last Sunday I preached from the text, 'Be ye, therefore steadfast,' " answered the good man, "but the editor makes it read, 'Be ye there for breakfast.' "

Lucille—Is Jackaline a careful dresser?

Helen—She has to be. She wears so few clothes that she doesn't dare take any chances.

* * *

Frank Smith—Do you know why an Englishman shakes a salt shaker and an Irishman pounds it on the bottom?

Paul Ocker—No; why?

Frank—To get the salt out.

We find something new every day, such as: Juniors reading fairy tales, and Seniors eating lollypope in school. What next?

* * *

Miss Davis (to the Seniors)—Now if you people in the cast die or something, please let me know, because we've got to know what you're going to do.

If a mule kicks will a cigar butt?

If Lafayette came from France from where did Nathan Hale?

If the moon had a baby, would the sky-rocket?

If a sailor in the avy hits plum-center in practice, what does the tar-get?

If the tea leaves, would that give the coffee grounds for divorce?

If a gunboat fires a salute, would an ocean wave?

If a door is merely ajar, will a can opener?

If in a vegetable race the cabbage were ahead, would the tomato ketchup? An, lettuce give up, for I don't carrot all who beats.

* * *

Miss Davis (In History)—Is there anything we cannot raise?

William Chaney—Whisky.

* * *

Miss Davis—Contrast the R. R.'s and the canals.

John Pierce—The canals were much better than the R. R.'s.

A Domestic Scientist's Recipe for Happiness

To make it: Take a hall, dim lit;
A flight of stairs where two may sit.
Of music soft—a bar or so,
Two spoons of—just two spoons you know.
Of little love pats—one or 2,
Or one squeezed hand instead will do.
A waist—the size to be embraced,
And 2 ripe lips—rose red—to taste,
And if the lips are soft and sweet
You'll find your happiness complete.

A Freshman's Essay on Girls

Girls are the sisters of boys and has long hair, wears dresses and powder and sometimes smokes cigarettes. The first girl was called Christmas Eve, tho' I never could see why. Most every family has one girl and some of 'em that has rotten luck and has two or three. Girls can grow older or get younger. My sister has been twenty-five for three years and some day we may be twins. Girls play the pianer and talk about each other. Fat girls want to be thin, and thin girls want to be fat, and all of them want to marry doods. Why the Lord makes girls nobody nows, but I think it was to go to church and eat ice cream. There is three kinds of girls, brunet girls, blond girls and them that has money. Girls is afraid of mice and insects, which makes it fun to put them down their backs.

Old Lady: "Where does this track go to?"

Tramp: "It don't go anywhere. We keep it here to run trains on."

Old Lady: "Well, can I take a train here for New York?"

Tramp: "No, lady, the train takes you to New York."

Old Lady: "But, can I catch a train here?"

Tramp: "Don't try to catch it. Better wait until it stops."

A fleet of sheep is called a flock.
A flock of girls is called a bevy.
A bevy of wolves is called a pack.
A pack of thieves is called a gang.
A gang of angels is called a host.
A host of porpoise is called a shoal.
A shoal of buffaloes is called a herd.
A herd of children is called a troop.
A troop of partridges is called a covey.
A covey of beauties is called a galaxy.
A galaxy of ruffins is called a horde.
A horde of rubbish is called a heap.
A heap of oxen is called a drove.
A drove of blackguards is called a mob.
A mob of whales is called a school.
A school of "kids" is called—most anything.

The villian cast his eyes about the room and glued them to the object on the floor in the corner of the room. Striding across the room, he opened the window, threw his chest out and cast a beconing look headlong at the object beneath. Taking the situation in hand and turning it over in his mind, he called to the loitering boy beneath for his Sunday paper.

Purpose

A PURPOSE in life is as the helm of a ship—it shapes direction to the goal. It stirs ambition, arouses determination and is the mainspring of success.

To have a definite aim, some target to shoot at—no matter how modest it may be—is already to be well on the way to achievement. *Destination* has much to do with *destiny*.

Purpose is something for which we endure difficulties and hardships; take blows, and rebuffs; tolerate disappointments.

In this store it has been a purpose to give you quality merchandise for the prices you are obliged to pay for inferior grades at many other places.
